I hereby certify that to the best of my knowledge and belief, the structural work of the Little Flower English Medium L. P School building, owned by the principal, is carried out as per prescribed applicable standards and IS codes, rules, and is safe against Dead Load, Live Load, Earthquake Load, and Wind Load. This certificate is issued on the clear understanding that I take overall responsibility for the structural stability of the building and its proper structural performance.

The existing structure has been physically examined and found to be safe as mentioned above. Periodic maintenance should be carried out every year, and no further construction is permitted without the consultation of a qualified engineer. Additionally, I certify that the structural design satisfies the requirements and guidelines of IS 456-2000, IS 800-2007, IS 875-1987, and seismic loads for ZONATION III as per IS 1893. The school building is so far stable.

Sincerely,

BERIN JOYSHA
